5K Dispenser

The Lago 5K Series 4-Stage Reverse Osmosis Water Dispenser combines advanced technology, powerful filtration, and a modern design. It features touchless dispense, UV self-cleaning technology, fast dispensing, and a tall dispense 14" height. Plus, the bright digital display panel features a "Plastic Bottles Saved" counter.

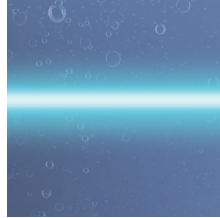

Advanced Interface Displays:

- Time & Temperature
- Touch & Touchless Dispense
- Self-Cleaning Activation
- "Plastic Bottles Saved" Counter
- Replace Filter & Leak Detection
- No Water & Error Detection

Perfect for Work
Get a pure water solution for your office or workplace.

UV Care
Ultraviolet light self-cleaning technology automatically eliminates potential bacteria and biofilms.

Quick Change
Twist-and-lock design allows you to easily replace filters without any tools.
