PURECHOICE™ CENTRAL

Reverse Osmosis System

High Performance Features

High Output System

Ideal for purified water at multiple locations.

High Capacity Tank

Holds approximately six gallons of purified water. (Larger tank sizes are also available.)

Automatic Shut-off

Signals the system to stop making water until more is needed.

Maximum Production

High performance T.F.C. membrane with a rating of 100 gallons per day.

Custom Systems

Custom systems can be designed for pure drinking water throughout your entire home. Ask a representative for details.

Why use a Reverse Osmosis Drinking Water System?

- Delicious, sparkling-clean drinking water
- Convenience: Fresh, clean water ready at your tap
- Pristine, flavorful coffee, tea and juice
- Quality water for your aquarium
- Clean, rinsed fresh fruits and vegetables
- Crystalline, harder and clearer ice cubes
- Prolong the life of your humidifier or steam iron
- Spotless glassware, when rinsed with R.O. water
- Cost effective: No more bottled water costs
- Better tasting soups, sauces and meals
- Environmentally sound: No chemicals
- Great for your pets!
