

SMARTCHOICE™ ELITE

City Stack Water Filtration System

The SmartChoice™ Elite family of products combines decades of experience with innovative patent-pending technology to provide the best in water conditioning for the home. The City Stack system addresses issues caused by chlorine and other chemicals in city water supplies, providing a comprehensive solution. And the last system you'd ever have to buy!

System Features

- Media Boost Technology for superior backwash, flow rates, and enhanced efficiency.
- Regenerates when needed, based on water usage
- SmartChoice™ Elite Total Water Management Valve
 - Differentiates between softener and filter
 - Single Valve Controls both Media Tanks
 - Multi-color backlit display communicates operation health of the system
- Pre-fill brining for dry salt storage
- Exclusive Factory Exchange Program
- Premium Grade Ion Exchange Resin
- Corrosion Resistant Components
- No Fasteners, Screws or Bolts
- Reduces chlorine and other chemicals before they enter your home
- Neutralizes unpleasant odors and discoloration of water
- Reduces the drying effects of chlorine for healthier skin and hair
- Eliminates chlorine corrosion of fixtures and appliances
- Improves air quality by preventing the release of harmful chemical vapor into your home
- Exclusive interchangeable components allow for easy service and carbon exchange

SmartChoice™ Elite Control Valve Easy Disconnect
