Additional Info

- Not intended to be used to treat water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.
- Installation must comply with all state and local codes.
- To sanitize system after installation or service add household bleach to brine tank (1/2 cup/cu. ft.).
- WARNING: Do not add chlorine bleach to brine tanks containing iron removing salt.
- See Aqua Systems SmartChoice™ Elite Limited Warranty for specific warranty details.

Media Boost Technology
Distribution Baskets disperse
the media bed during
backwash allowing for
longer media life, better
cleaning and peak flow rates
using less water.

Brine Tank Options

Type	Shape	Dimensions	Salt	Models
